Why should I work with an Ulness Health agent?

Expert Help

Our agents have many years of experience with both Medicare Supplements and Medicare Advantage plans. We focus on education and finding the plan that works best for you.

Access to All the Plans

Ulness Health is contracted with every Medicare Advantage plan available in northeast Wisconsin and many of the Medicare Supplement carriers. Save time and stress by comparing plans with us. Do not work with an agent who only sells for one company.

No Cost to You

There is no charge for our services. You will pay the same price for a specific plan regardless of whether you do it yourself or use an agent, so why not have a relationship with a local expert who can advise and assist when help is needed?

Should I call a 1-800 # from a Medicare TV ad?

NEVER! There are a lot of famous athletes and actors starring in TV ads urging you to call their 1-800 # or risk missing out on certain Medicare benefits. DO NOT CALL THOSE NUMBERS! You will regret it. They are not there to help you. They will lie and do everything they can to enroll you in a plan they likely know next to nothing about. If you have questions, call us instead, and we will answer your questions and discuss your options.
